

Customer Satisfaction

We are always pleased to hear positive remarks regarding Dutch Hollow genetics. It was a pleasure to see the Hilmar Jerseys Facebook post in regards to their October appraisal. Two of the three bulls they mentioned having daughters that stood out were Dutch Hollow sires.

OLIVER-P and LEXICON are two of our favorites and prove to be favorites by many. OLIVER-P is Select Sires' highest selling Jersey in the first three quarters of 2017. While, LEXICON is one of the longest-tenured bulls on the current active A.I. list.

To top it off, proof of their longevity is the dams that back these two bulls. Both are still in our herd! LEXICON's dam, "Rebel Diva," is 12-years-old and has over 225,000 lbs. milk lifetime and OLIVER-P's dam, "Mik Olive-P," is 9-years-old and just completed her sixth lactation with over 32,000 lbs. milk.
